

9:45 a.m. Worship Service Guidelines

- We are asking that people enter and exit through the atrium circle drive entrance unless you have accessibility issues, which you may then use the lower Fellowship Hall entrance and go up the elevator. Outside doors will be propped open. **Please do not come in the Fellowship Hall entrance to use stairs. Only the elevator and only if needed. Rest of the building is closed.**

- Every other pew is taped off. All books, Bibles, pencils are removed. Pews will be cleaned prior to service. Windows will be opened for fresh air.

- Only Atrium bathrooms will be open.

As to rest... masks are still required. Offering, communion, and 6-foot distancing will be handled in the same way as the other two. This is just a trial. What a time this is - 2020! We're seeing if this helps us with worship volume or not. Stay tuned. Questions, please call or contact Pastor.
